Part #: EF2800I

**\$1,695.00\* ea**

## EF6600DE Features

- Powered by Yamaha's MZ360; 357cc, air-cooled (fan assist) OHV, 2-valve, 4-stroke, single cylinder engine with transistor controlled (TC) ignition
- Electric starting backed up by a manual recoil with an auto decompression system for a light recoil starter pull. Battery not included
- Auto choke for easy, no hassle starting
- Cast iron cylinder liner provides excellent heat dissipation and extends service life
- Maintenance-free brushless alternator offers superior reliability and reduced maintenance
- Dual 120 and 240 volt output makes the EF6600DE very versatile

## EF2800I Features

- Powered by Yamaha's MZ175; 171cc, air-cooled (fan assist), OHV, 2-valve, 4-stroke, single cylinder engine with electronic capacitor discharge controlled (CD) ignition
- Auto decompression system reduces engine compression to provide a light recoil starter pull for effortless manual starting
- Cast iron cylinder liner provides excellent heat dissipation and extends service life
- Pulse Width Modulation provides super "clean" power. As clean or cleaner than you get from a household receptacle
- Electrical "noise" suppressor reduces electrical interference with TVs and radios
- Non-fuse type circuit breaker (NFB) prevents internal circuit damage in the event of an overload
